Excess Construction Charges

Where the supply of new fibre constitutes a Network Extension to KCOM's Network, then, at KCOM's sole discretion KCOM will assess the commercial feasibility of supplying new fibre but there shall be no obligation for KCOM to supply the Dark Fibre service. Where KCOM decides to provide a Network Extension, this will be provided on payment of an Excess Construction Charge. Where a Network Adjustment is not reasonable but KCOM chooses to supply it, then Excess Construction Charges may be payable. Where a Network Adjustment is reasonable, no Excess Construction Charges will be payable. Excess Construction Charges may also be payable for Diversity. Please refer to the Reference Offer for the Provision of Dark Fibre for further details.

Cancellation Payments prior to the Proposed Start Date

Cancellation Payments will be raised for KCOM's reasonable costs in preparing to provide the Services, subject to KCOM's right to recover the full cost of any additional work e.g. duct or junction fibre upgrades which have been specifically incurred for the Order by the time of the cancellation (please see Additional Note (a) below).

Cancellation Payments will be raised if an Order for Dark Fibre has been received from the CP and the Order is subsequently cancelled prior to the Proposed Start Date ("PSD"). The Cancellation Payment is calculated based upon the number of clear Working Days between the date the cancellation request for the Order is received by KCOM and the PSD. In the circumstances specified in Schedule 2, KCOM may cancel the Order when the Order has been suspended for a period of more than 90 cumulative calendar days.

The Cancellation Payment is expressed as a percentage of the total Connection Charge as follows:

Clear Working Days before PSD	Operative Date	Percentage of Connection Charge %
2 or less	01/08/2022	90
3 – 21	01/08/2022	75
22 – 29	01/08/2022	60
30 – 35	01/08/2022	30
36 or more	01/08/2022	0

**Additional Notes:**

- (a) The full cost of any additional work, e.g. duct or junction fibre upgrades, which have been specifically incurred for the Order by the time of the cancellation, will be recovered in addition to the Cancellation Payment.
- (b) The cancellation must be given in writing by the CP, and the date upon which KCOM receives the cancellation shall be used for the purpose of calculating the Cancellation Charge payment.
- (c) Cancellation Charges will not be payable where the CP has the right to cancel the Order without penalty. See Schedule 2 for details of these circumstances.
- (d) Additional Cancellation Charges may be payable for Diversity.

Termination Payment

A Termination Payment is payable if the Service is terminated in certain circumstances within the Initial Term. The Termination Payment will be the residual Rental Charges payable until the end of the Initial Term. If an Order is terminated before the Actual Start Date, no Termination Payment is payable.

For Diversity, Termination Payments will not be payable in the circumstances set out in the Reference Offer. However, if there is no right to penalty free early termination, there may be Termination Payments for Diversity in addition to the residual Rental Charges if KCOM has incurred additional costs in providing these services.
